Did you see the news release from Finance about "their" package for Emergency Act. While the are right in the description of what is the order regarding crowd source platforms for these protests, they announce intent to extend permanently to all platforms. I understood there was some question of the policy on this. Perhaps conversations have been had and it is all agreed to now but just wanted to draw to your attention. s.39

Adding Lisa and Jeff Waring if possible

Amy sent a list that works with the list you provided here. Let's ensure we have all the names on both lists plus Lisa and Jeff.

Just got a call from Siobhan - she is doing the minutes for Cabinet tonight

No she is not. As per instruction from Clerk on last call "Shawn is running show so as to allow Michael to focus on FMM". Kaili and Lisa are running this show this one time
